WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Norway people recommend Doan's Pills. Ask your neighbor. Could you ask for stronger proof of merit?

Albert F. Prescott, shoemaker, Crockett Bridge, Norway, says: "My kidneys gave out and I had backache so badly it put me past going for several days. I couldn't bend, I was so stiff and lame. I was working in the ship yards at the time and I blame so much heavy lifting for the trouble. I had to get up several times during the night to pass the kidney secretions and I felt drowsy all the time. Finally I went to Stone's Drug Store and got Doan's Pills and began using them. Doan's reached my case at once and after using three boxes, the trouble left entirely. I have felt fine since."

After the meeting a nice lunch was served by the lady officers, consisting of sandwiches, coffee, cheese, olives, doughnuts and cake. After the lunch a Hal-lowe'en entertainment was given. The hall was lighted with Japanese lanterns and Jack-o'-lanterns, with black cats and ghosts traveling around. All kinds of Hal-lowe'en games and stunts were enjoyed by both old and young. The following literary program was given:

Company C in New Quarters
Company C, 103rd Infantry, is settled in the new quarters and held the first drill there Friday night. Changing from the second floor to the first of the same building has already worked in favor of the company, and the boys appreciate the improved conditions. The supply room will remain on the third floor and the former drill hall will be converted into a rifle range for indoor practice.

Under new conditions the first floor, formerly occupied by the American Legion, is divided into two main rooms. One in the rear, formerly Legion Hall, is for drills, suppers, dances and other gatherings which the company may stage. The front room is sub-divided into convenient departments including a smoking and card room, officers' quarters, a lecture room and a billiard room. Elsie Matter is operating a lunch counter for the sale of hot dogs, soft drinks and sandwiches. The company group photographs and other pictures suggestive of warfare are attractive decorations. The mortal remains of a Mexican bobcat occupies the place of honor above the trophy case. This animal was brought home alive from the Texas border by Company D, but could not appreciate our Maine winter and just pined away.

Parent-Teacher Meeting

The Parent-Teacher Association meeting, Monday evening, in the assembly room at the schoolhouse, was well attended and various things of interest were presented. The program by the young people was patriotic in commemoration of Armistice Day. America was sung by all. The history of Armistice Day was read by Lewis Mann, a pageant illustrated son, "America, Our Country," was sung by about twenty school children from the grades. A map of America was shown and three girls in costume, one representing Columbia or Liberty (holding a light) enlightening the world, Muriel Scribner. Mary Briggs represented a red cross nurse, and Helen Stevens, a Salvation army girl, who stood in front while the chorus sang.

Remo—ks. "Not War, but Peace." Rev. Eleanore B. Forbes Piano solo. Edith Emery Remo—ks. "Patriotism." Rev. B. H. Stover

Then the meeting was opened for business. Principal Libby related various things of interest pertaining to the school life and work which he wanted to make plain to the parents, then he spoke of three projects for the good of the school which he had in mind. The first was the equipping of the gymnasium with more kinds of exercise than basketball. Second, a school library that would adequately fill the needs of the educational department than what they already have, and third, the equipment of the laboratory for school suppers, hot lunches, etc., with tables, dishes, etc., and that the last of these had been met in a gift from Mr. and Mrs. L. C. Bates who had offered enough money to furnish it with kitchen stove, tables, dishes, cupboards and chairs. This generous gift was loudly applauded and vote was taken for the secretary to write a letter of acceptance with thanks. Mr. Libby was made chairman of the committee to make out a list with cost of same, with authority to appoint others to help as he needed. They already have 30 chairs and 20 more donated by the Boy Scouts. Other bits of business were transacted and then adjourned to the second Monday of December.

OTISFIELD

Trespass Case
The trespass case brought by Inez Wiley against Charles Butler, which was heard in the Pemaquid Library at East Otisfield, brought out a large crowd and the case was heard by Retired Justice Albert M. Spear. This case was tried before a court recently but was given to a referee appointed to take the evidence at the place in dispute. The plaintiff was represented by Attorney Edgar F. Corliss of Bridgton, assisted by Attorney Chapman of Portland; and the defendant was represented by Attorney Frank H. Haskell of Portland. There were survivors present, Charles Andrews serving for the plaintiff, and Fred H. Baldwin for the defendant. One of the witnesses, Cyrus Wardwell of Mechanic Falls, was 85 years old, but he was able to give exceptionally fine answers, telling of many matters of years ago which related to the case. The decision in the case was reserved.

Read How Mrs. Walsh Was Helped by Taking Lydia E. Pinkham's Vegetable Compound

Mannington, West Virginia.—"I took the Vegetable Compound when having the turn of life. I had been sick for seven years. I would get a little better, then I broke down again. It would be hard for me to describe how I was, for I was a perfect wreck. I suffered with a pain in my left side, then I would have numb spells, and I would think I couldn't live. I would have hot flashes, then would come weak spells. I was so weak I couldn't think I could ever get a meal ready. My work was a burden to me. I was not able to do my housework half of the time. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and it has given me strength and health. The hot flashes left me and I got better of the numb spells. That summer I could do my housework and worked in the garden a good bit. I tell all sick women what your wonderful medicine did for me, and will always recommend it. I was born in Marion County and still live in it. I am known to all my neighbors, and you can publish this statement because it is true."

There were patrons from Paris, Norway, Bear Mt., Waterford, Pleasant Valley, Franklin, Alder River, Round Mountain, Bear River, Upton, Mountain View, Pleasant Pond, Bethel and China Granges. Meeting opened in form. Minutes of last meeting read and business attended to. Worthily Master Brooks appointed Assistant and Lady Assistant Steward and F. E. What's the Matter with the Country?

Are We Not All Contributing to the Cause?

A friend of mine wrote to me the other day and asked, "What's the matter with the country, anyway?" At first I felt like writing back and saying, "What isn't?"

A lot of our young folks would rather dance than eat and there isn't anything the matter with their appetites at that. And then some would rather eat than work, and expect to do it without working.

If a man doesn't make any money, he is declared a bankrupt. And if he does, the income tax takes it away from him. He doesn't know how much his tax is going to be, only that it is going to be much.

If you make a lot of money this year it is excess profits, and they tie the income tax on you and take it hence. If you lose a lot of money next year, you can go to the bank and try to borrow some, and see how much good that will do you.

And what do we do with the money we save from the income tax? Well, you would think we got our dollars red hot from the mint,—we let go of them so quick.

Nobody stays at home any more except cripples,—of which we are making more every day. Home, Sweet Home has given place to Movie, Sweet Movie, —or Restaurant, Sweet Restaurant,—or Ford, Sweet Ford.

People don't go to church as they used to. A lot of men carry their religion in their wives' names. We all hope to go to heaven personally, but we never go to church ourselves. All we do is to send our children or our check.

We have substituted riding for walking, noise for music, contortion for dancing, pleasure for enjoyment, notoriety for fame, publicity for achievement, wealth for worth, politics for statesmanship, and speed for progress.

An yet is is a good old world and a grand old flag at that. What is the matter with the country? Nothing much, ONLY US.
